March 31, 2020

Dear Supporter:

**It is with deep regret that we are announcing the cancellation of the 4<sup>th</sup> Annual FSS Golf Tournament.**

We have been responsible and thoughtful in our decision process. As the COVID-19 situation continues to rapidly change, the right thing to do for our players and supporters is to reschedule this exciting and worthwhile event.

The FSS Foundation's mission is to economically empower the community that it serves in Central Falls, RI. Our staff and volunteers strive to help measurably improve the quality of life for our community members. We plan to continue this important work for the people of Central Falls.

On behalf of myself, our staff, and our dedicated volunteers - we sincerely appreciate your continued support. Please don't hesitate to reach out to me for any further details.

Best,  
Bridgett
